6, F. Scale house

Tony Bruder Moved the agenda be adopted with above additions.

Carried. 07.17.24-2317

**MINUTES**

Dave Filipuzzi

Moved the minutes of June 19, 2024, be adopted as circulated.

Carried. 07.17.24-2318

**MANAGER'S REPORT**

-MSW continues to stay busy.

-The Industrial cell has picked up and the new job has started, the new D8 will work amazing for this.

-I attended the conference held in Lethbridge for Extended Producer Recycling, just about all Landfills and recycling centers as well as councillors from all over Southern Alberta were in attendance. There is going to be different classification on some products as to how they will have to be recycled and handled than the current way. The transition is set to start next April.

- As of June 29<sup>th</sup>, the Federal government is starting to implement monitoring of methane gasses. With more and more monitoring of the Federal government and their push on carbon gasses, it is becoming more costly to Landfill. I will be conducting an analysis of our costs this year to see if our current rates even cover our current costs, including these new monitoring and reports that must be done.

- I met with Spencer from Tetra Teck in order to see if we can remove or decommission the monitoring well beside the scale so we can see if it is possible to add another scale and scale house to have a dual scale system in place. We have had discussions with AEP and are waiting for an answer.
- Holidays have hit full force with our work force, but with the addition of the two employees we are not falling behind.
- Training is going as good as it can considering the long wait times for courses.
- The new bigger generator is up and running in the recycle building and it is hardly working compared to the smaller version we have been using, it was always on the edge of handling the load, but did get by, so we will rebuild the engine and use it as a back up in case something happens to the new one.

Doreen Glavin

Moved the Manager's report be adopted as presented.

Carried. 07.17.24-2319

### **FINANCIAL REPORT**

Landfill Administrator provided the Income Statement/Balance Sheet and Budget to June 30, 2024
