Doreen Glavin, Municipality of Crowsnest Pass  
Mark Barber, Town of Pincher Creek - Absent  
Dave Slingerland, Village of Cowley  
Dean Bennett, Landfill Manager  
Chelsie Antoniuk – Landfill Administrator - Absent

**AGENDA**

John MacGarva Moved the agenda be adopted as presented

Carried. 06.19.24-2310

**MINUTES**

Mark Barber

Moved the minutes of May 15, 2024, be adopted as circulated.

Carried. 06.19.24-2311

**MANAGER'S REPORT**

- MSW is continues to stay busy. We are now filling in the old road as the new circle road is in full usage.
- The Industrial cell continues to get busier.
- We finished prepping the new Industrial cell, all the rubber has been trucked into the cell and spread, 3 rows of filter cloth have been welded into place.
- I have put a pause on hauling anymore shredded tire in until I can get a survey done and a new rough plan for the new MSW cell that will be needed to be built next year. The reason for the pause is shredded tires are difficult to store for fire hazard reasons.
- Training of the 2 employees is going well, they have finished their 1<sup>st</sup> equipment test and passed. We will continue to train them on other pieces of equipment until they are able to run every piece.
- We have also been training 2 of our current staff to fill in on the scale for holidays etc.
- I've entered into an agreement with Clean Farms to become a certified Twine recycling facility, this will now allow us to better serve the community and get paid to recycle it. This will be a 1<sup>st</sup> for us to receive payment for twine.

- Met with the head engineer at Tetra Teck, which is the new firm we will be using. They are a huge company with offices all over Alberta and Sask, who specialize in landfills. I have them looking over our water and gas well systems to make sure we are in compliance as this has not been done for years and the landfill has taken out wells with approval but had never replaced them.
- The M.D. of Pincher creek held a forum for people to give their opinion on the Eco Center. I feel this will be a very useful tool getting the community involved.
- The Eco center continues like it has for months running flawless, no issues no headaches and no mess.
- The recycling in the Crowsnest still remains an issue, the Coleman bin had cardboard piled all around the bin.

Dave Slingerland

Moved the Manager’s report be adopted as presented.

Carried. 06.19.24-2312

**FINANCIAL REPORT**

Landfill Administrator provided the Income Statement/Balance Sheet and Budget to May 31, 2024
